Jamboree Ride Schedule

Each riding area offers a variety of trails to accommodate riders of all abilities. Trail options range from short rides to all day epic adventure rides.

Bear Creek OHV Trail System

Managing the competing interests of motorized recreation, forestry, ranching and a community watershed is not an easy task. Join us to explore the managed trails while enjoying the amazing scenery including panoramic views of Okanagan Lake and Kelowna. We will stop at La Casa Resort for lunch with a special presentation by Ken Umbarger, President of the Okanagan Trail Riders. Following lunch we'll ascend Terrace Mountain to survey the 2009 fire and enjoy the view north to Vernon and beyond.

Noble Canyon and Vernon Hill

Vernon residents are blessed with a great riding area right in their backyard. Minutes from town, this riding area has a vast network of trails and roads for motorized users of all types.

King Eddy, Aberdeen Plateau

The Aberdeen Plateau extends south from Highway 6 all the way to Highway 33 east of Kelowna. An array of lakes stretch across the plateau, fisherman should bring their gear to take part in the 'fishing rides' both Friday and Saturday.
